## Chula Vista Resort Menu Guidelines

Chula Vista Resort is pleased to offer the following options which were created by our culinary staff of professionals. This is a sample of our most popular items. If you have any special requests, we would be happy to work with you. We can help you create a menu designed specifically for your event.

### Menu Preparation

To ensure that every detail is handled in a professional manner, the hotel requires your menu selections to be finalized 30 days prior to your event. You will receive a confirmation of your order on which you can make your final arrangements. Return the confirmation to us with your confirming signature. The hotel will make every effort to accommodate special dietary and religious preferences. Remaining food may not be taken from the premises.

### Beverage Services

Complete beverage services are available at the hotel. Under Wisconsin State Law, the hotel is the only authorized licensee able to sell and dispense liquor, beer and wine on the premises. All beverages which are not sold by the facility will pay a corkage fee and must be approved in advance in writing before they may be brought into the hotel by patrons or guests.

### Guarantees

In order for your event to be a success, the final guarantee, or exact number of people expected will need to be given to the Catering Manager by 11:00 a.m, three (3) business days prior to your function. If less than the guaranteed number of guests attend the function, the final guaranteed number is still charged. For every function, Chula Vista will set and prepare food 3% above your guaranteed number for functions of 200 or less and 2% over all guarantees of 201 or more. If no guarantees are given, the number on the contract will be used as the guarantee. Menu prices will only be guaranteed 30 days prior to the event.

### Service Charge and Sales Tax

The hotel will add the customary 18% service charge and 6% state and local taxes on all hotel services, food and beverages. Groups requesting a tax exemption must submit a State of Wisconsin tax exemption form with the tax exempt number prior to the scheduled function. State law requires that the service fee being charged is subject to Wisconsin State sales taxes. Please refer to the Catering Policies and Procedures included with your contract for a complete listing of current policies.

### Menu Prices

When planning please call to ensure you have the latest prices. Book A
